

What Are AccuCuts?

RCLS has a collection of over 500 AccuCut dies available to loan (for library staff only). Many different shapes, numbers, and letters can be used for scrapbooking, decorating, card making, etc.

Searching for die shapes

Go to **Item Search and Display**; search **Accu-cut**, index **Title**, with **Keyword** type. To search alphabetically, just click on the word Title right above the list of accu-cuts.

Or you can search by call number using the die numbers from the list that is sent to youthlist. If searching by call number you **must have three digits**.

Example: acorn die number is 56 056

The loan period will remain the same (**3 days**) delivery day, a full day to use them, and return the next day.

Dies are handled the same as books.

- 1. all dies must be checked in when received**
- 2. and then checked out to you**
- 3. checked in** when finished
- 4. return to RCLS**

If there are any other holds, the die(s) can be sent to the requesting library. They **must be in a padded envelope or boxed**.

Boxed sets (alphabets) have the barcode on the case only.
